

Business Leaders' Summit 2023

The Business Stake in Social Cohesion

Ibec Business Leaders' Summit 2023 will be held on March 30-31 in the luxurious surroundings of the K Club Estate under the theme of 'The Business Stake in Social Cohesion'

The theme of the 2023 Summit is 'The Business Stake in Social Cohesion' and it will explore the leadership role business can play in helping to foster greater social cohesion in Ireland. Social cohesion is a very important driver of long-term prosperity and competitiveness, however major challenges await us from addressing climate change

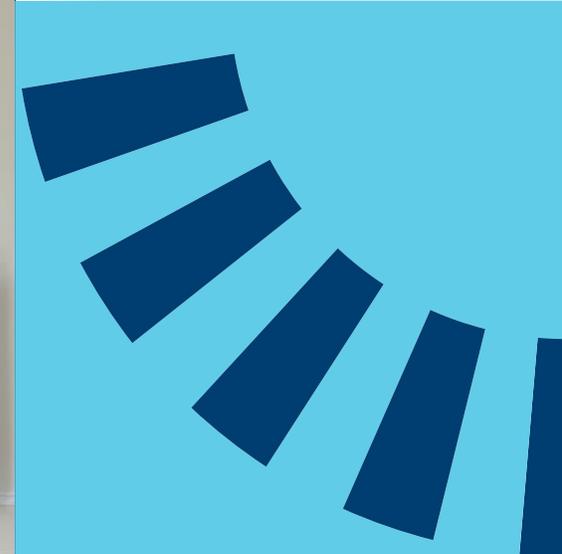

to ensuring economic and social resilience. Dealing with these complex issues will require the adoption of new models and collaborative structures (public-private partnerships) to create effective solutions to deliver social services conducive to attaining cohesion, competitiveness, and sustainability. These discussions will inform Ibec's policy positions.

As the global business landscape continues to be disrupted and reshaped, trusted peer networks, unscripted conversations and intimate off the record round table discussions are more vital than ever. The Ibec Business Leaders' Summit provides this unique opportunity for leaders to connect with each other

Danny McCoy

About the Summit

The Summit is a unique, by invite only, think-tank styled event, exclusive to Ireland's top CEOs, leading government ministers and political stakeholders, held under Chatham House Rules. The Summits' purpose is to bring together

business leaders at the highest levels in an informal and supportive space to collectively tackle the pressing social, environmental and economic priorities for Ireland and help shape the messaging Ibec will take to government on your behalf.
